Experience

Arex Digitals Web Developer Agency

May 2023 - Current

Frontend Engineer

- Collaborated with designers and backend developers to build responsive websites using HTML, CSS, and JavaScript, ensuring a consistent user experience across devices.
- Optimized website performance by minimizing file sizes, optimizing images, and improving code efficiency for faster load times and improved user satisfaction.
- Conducted code reviews and participated in team discussions to maintain code quality standards and foster a culture of continuous learning and growth.

Frontend Developer Internship

Jan 2023 - May 2023

Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment

Projects

Summarist | [Website](#)

- Created a robust full-stack web app for users to explore a vast collection of self-help books. Employed efficient code with dependency injection for improved development cycles and rigorous testing.

Ultraverse NFT | [Website](#)

- Developed a dynamic web application using React, implementing a skeleton loading state, carousel functionality, and reusable components, resulting in an enhanced user experience and reduced loading times.
- Utilized React's component-based architecture to create a modular codebase, enabling efficient development, easy maintenance, and code reusability for future projects.

Anime Database | [Website](#)

- Developed a fully responsive Anime and Manga database application fetching data from multiple API's featuring functionalities such as a Search bar, search result filtering, Pagination, Lazy loading, and Skeleton Loading States.

Education

Frontend Developer Bootcamp

Oct 2022 – Jan 2023

Frontend Simplified

Harvard University

Sep 2022 - Oct 2022

CS50 Computer Science Certificate

Technical Skills

Languages: HTML5 | CSS3 (+ SCSS, BEM, Tailwind) | JavaScript ES6+ | Typescript

Frameworks: React (+ hooks) | Next.js | Material-UI | Redux |

Technology: NPM | Git | Yarn | React dev tools | Firebase v9 | GitHub
